# ABOUT SVKM'S D.J. SANGHVI COLLEGE OF ENGINEERING

Shri Vile Parle Kelavani Mandal "SVKM" to the society at large, grew out of a humble seed planted during India's freedom movement namely, Shrimati Gokalibai Punamchand Pitamber High school - to nurture socially relevant education. Today, SVKM has grown into a mega education nucleus with distinguished achievements. It has developed over 42 vibrant institutions in and outside Mumbai, covering a wide range of educational and social needs thus, educating more than 48,000 students, who are currently pursuing careers from school to post-graduations and super specializations, thus catapulting SVKM into an institution of global relevance and caliber. Dwarkadas J. Sanghvi College of Engineering (DJSCE), established in 1994 offers graduate programs under Mumbai University in the fields of Chemical, Electronics, Production, Bio-Medical, Electronics & Telecommunication, Information Technology, Computer and Mechanical Engineering. The college also runs Post graduate and Doctoral programs in the fields of Electronics and Telecommunication, Mechanical and Computer Engineering. Today, DJSCE has grown into a premier institute of technical education and has a stimulating educational environment with distinguished faculty members and state-of-the-art facilities.

# ABOUT ELECTRONICS & TELECOMMUNICATION DEPARTMENT

Dwarkadas. J. Sanghvi College of Engineering started the course in ELECTRONICS AND TELECOMMUNICATION ENGINEERING (EXTC), in 1999 with the intake of 30. In the subsequent year, it was increased to 60. In the year 2010, it was further increased to 120. The Department started M.E. Program in Electronics & Telecommunication with the intake of 18 students in the year 2011. Doctoral program in the field of Electronics & Telecommunication Engineering started with an intake of 10 students in the year 2015. The Department has state-of-the-art infrastructure, which includes fully air-conditioned class rooms, laboratories and staff rooms. All the classrooms and laboratories are equipped with modern amenities such as multimedia projector and internet access. The Department has highly qualified, experienced and dedicated teaching and supporting staff. Under the guidance of the Management and Principal, the Department is flourishing by leaps and bounds.
